L-1

A prime example of how versatility, quality and stylish design produce a product of such long-lasting popularity. The world's original architect lamp designed in 1937 by Luxo. Since its creation, 25 million L-1 luminaires have been sold worldwide, and L-1 has been distinguished by most of the prestigious awards in the world of industrial design. Unique design, ingenious lighting properties and a flexible spring-balanced arm have earned L-1 a place among the world's all time classics.

Light source: Supplied with a 11W energy-saving compact fluorescent lamp. Rated max. 40W.

Arm length: 1040 mm
Supplied with table bracket.
Accessories: table base
